# **SUPPLY GUIDE**

**EVERYTHING YOU  
NEED FOR A HAPPY,  
HEALTHY FLOCK**

**In this guide, you'll find all our tried and tested chicken keeping supplies. We've included Amazon affiliate links knowing that Amazon can be the most accessible or affordable option for folks. If you purchase through these links, it helps cover our feed bill.**

**You can also simply use the links to identify items and purchase them locally or through a small business. Please do not purchase through Amazon if there is an active and official Amazon boycott!**

# Incubation

[Incuview](#)

The Incuview is hands-down our favorite tabletop incubator for its combination of ease-of-use, quality, and price point.

[GQF 1502 Incubator/Hatcher](#)

We love the GQF 1502 because you can incubate and hatch at the same time.

[GQF 1550 Hatcher](#)

[GQF 1500 Incubator](#)

For additional capacity and more control over incubation conditions, we recommend this duo.

[GQF Water Reserve System](#)

If you get a GQF, the water reserve system is a must have.

[Hygrometer](#)

We recommend placing a hygrometer in any incubator you use to provide backup readings of humidity and temperature.
